NATIONAL WEBINAR SERIES ORGANISED BY NUTRITION AND DIETETICS PROGRAM
“Harnessing potentials of food enterprise and food safety management: Crisis to prospects during the pandemie”
Date: 26.9.2020, Saturday
Timing: 10:00-3:45 pm
Venue: Virtual (Zoom)

Introduction
Food safety is a moving field at the cutting edge of science: new contaminants are discovered, new technologies are developed to measure them, and the food production chain adopts safer techniques. In a globalized food chain, it represents a real challenge for authorities, the food industry and risk managers at large to ensure that consumers are offered with the safest products. To remain at the forefront of food safety research and development, there is a need to gain a better understanding of the fundamental scientific issues revolving around food processing and food safety during Covid19 pandemic. Such a webinar would help to provide or facilitate the exchange of information related with food entrepreneurship challenges, opportunities and its link with among industry experts, research organizations and academia for better food security during COVID 19 times. This one day webinar set a platform to for participants such as students, industry professionals, and entrepreneurs to sensitise, apprise and understand better the science revolving around food safety as well as gain a better understanding of the current trends in food safety and risk communication during these pandemic times in India.

The webinar was attended by Students of Nutrition & Dietetics Program: 28 (Batch 2019-21)
The webinar was attended by Students of Nutrition & Dietetics Program: 55 (Batch 2020-22)
Outside Symbiosis delegates: 624, Total: 652

to ajit.tawde, Kavitha

Dear Sir
Greetings on behalf of SIHS!
Hope you are safe and healthy!
It was a pleasure talking to you telephonically and connecting back to you after ITC assignment. This is with reference to a webinar we are proposing on 26th September, Saturday on "Harnessing potentials of Food enterprise and food safety management: crisis to prospects during Pandemic." under national webinar series in collaboration with the Nutrition society of India, Pune chapter, which is with us at Symbiosis. I have copied this email to Dr. Kavitha Menon who is heading our department of nutrition and dietetics.

To give you some background about our institute, Our PG Program on Nutrition and Dietetics (Formerly with Symbiosis School of Biological Sciences), now with Symbiosis Institute of Health Sciences, started in the year 2011 and now we have progressed to three specialisations: Clinical Nutrition and Dietetics, Public Health Nutrition and Nutrigenomics.

However, the students are also learning food safety and quality in semester I and are exploring food product development and sensory acceptability and use of functional ingredients in developing vegan products and nutritious products. We also propose to commence our one more specialisation on Food safety, quality and hygiene very soon.

We propose to open this webinar to all audiences such as students learning food safety, food science, product development in various disciplines, food entrepreneurs, food business operators, nutritionists etc.

As discussed, we request for your expert session relevant to the theme. Request you to please let us know your availability for a 45 minutes session with 15 minutes for Q&A on 26th September between 11:35-12:35 pm. We request you to please share your brief CV Sir.

We look forward to a long term association with you and your organisation.

Thanks
Dear Radhika,
Many thanks for that mail. I agree to be a part of this wonderful initiative. I will revert both on:
- a brief CV,
- and a title and brief description of the topic chosen [relevant to the audience]
I take this opportunity to say hello to Dr Kavitha.
More again,
Warm regards,
Ajit R Tawde
mobile: 00-91-9096952228
Inspire and Live Inspired!!

Request for being an expert speaker for upcoming webinar on Food safety, sanitation and Hygiene

Dear Sanjay Indani Sir
Greetings!
Hope you are safe and healthy!
It was a pleasure talking to you telephonically! Your reference was given to me by Mr. Nilesh Lele Sir, NETPROFAN, Mumbai chapter.

Our PG Program on Nutrition and Dietetics (Formerly with Symbiosis School of Biological Sciences), now with Symbiosis Institute of Health Sciences, started in the year 2011 and now we have progressed to three specialisations: Clinical Nutrition and Dietetics, Public Health Nutrition, and Nutrigenomics. However, the students are also learning food safety and quality in semester I and we propose to commence our one more specialisation on Food safety, sanitation, and hygiene very soon. I have copied this email to Dr. Kavitha Menon Ma’m who is heading our department.

Under our national webinar series, we are proposing one webinar on the theme of "Food safety, sanitation, and hygiene" which will be open to all audiences such as students learning food safety in various disciplines, food entrepreneurs, food business operators, etc. We are proposing this webinar as a Nutrition society of India, Pune chapter initiative in the third week of September, tentatively between 25th or 26th September (Depending on speakers approval). It would be a great pleasure for us and an honor to invite you for taking up one session considering the latest industrial trends related with food safety and quality. We look forward to your kind consent to take up the session and share your expertise. Request you to please let us know your availability for the above mentioned dates. We look forward to a long term association with you and your firm.

Thanks
Regards
Radhika

Dear Ms. Nidhi
Greetings!
This is with reference to a webinar session conducted by you on the topic "Food Processing in light of Covid19" on 26th September, 2020. We are thankful to Halde Sir for connecting you with us.
On behalf of the Nutrition & Dietetics program, we thank you for the enriching session conducted by you. Special mention of the E-commerce model and importance of hygiene and sanitation highlighted during these covid times from an industrial perspective. It was an absolute learning feast for all the audience!
We once again thank you for a beautiful session and we wish to have a long term association with you always!!!
We wish you great health and happiness always!
