Significance and Scope of Ayushman Bharat: Social Security in India

Concept Note

Background:
Ayushman Bharat Pradhan Mantri Jan Arogya Yojana is a flagship program introduced by Ministry of Health and Family Welfare, Government of India. It is one of the kind scheme where beneficiaries who are covered under this are allowed to take cashless benefits from any public/private empaneled hospitals across the country. It is based on co-operative federalism and flexibility in states. There are a number of families who have benefited from the scheme, however, the nitty-gritty of a social security scheme like this never comes in light in a comprehensive manner. In bits and pieces we can learn about the scheme and joining the dots as per the anecdotes. This may sometimes present a blurred picture. The webinar intends to discuss the scheme along with the function of other schemes like Rashtriya Arogya Nidhi where economically weaker families are covered. It is interesting to understand that eligibility criteria of both the schemes. Similarly, the kind of diseases and disorders which are covered under them and what was the reason behind that.

Objectives of the Webinar:
1. To understand the window of opportunity seen as creating the program and where all the stakeholders contacted while designing the program, and any vested stakeholders were existing.
2. To understand the function of both the scheme for migrant labourers and unregistered people?
3. To comprehend budget allocation system in the times of pandemic?
4. To learn the utility of social security schemes from public health point of view.

Webinar Set-up:
Speaker: Mr B. R. Shekhar (Chief Medical Social Service Officer) and Dr Kirti Arya (Medical Social Service Officer)
Format of the Webinar: Presentation followed by question and answers
Duration: 1 hour 30 min
Platform: Google Meet
