Advanced Trauma Life Support® (ATLS®)
Course of American College of Surgeons - India Program

The American College of Surgeons and its Committee on Trauma have developed the Advanced Trauma Life Support® (ATLS®) program for doctors. This program provides systemic and concise training for the early care of trauma patients. The ATLS program provides participants with a safe, reliable method for immediate management of the injured patient and the basic knowledge necessary to:

1. Assess the patient's condition rapidly and accurately.
2. Resuscitate and stabilize the patient according to priority.
3. Determine if the patient's needs exceed a facility's capacity.
4. Arrange appropriately for the patient's inter-hospital transfer.
5. Assure that optimum care is provided and that the level of care does not deteriorate at any point during the evaluation, resuscitation or transfer process.

ATLS® India course provides a scaffold for evaluation, treatment, education and quality assurance.

ATLS® India is a measurable, reproducible, and comprehensive system of trauma care.

ATLS Provider Course Upcoming Date:

1. 23rd to 25th April, 2020 : Registrations Open
2. 23rd to 25th July, 2020 : Registrations Open
3. 29th to 31st October, 2020 : Registrations Open
4. 17th to 19th December, 2020 : Registrations Open

Registrations: Maximum of 16 registrations only.

Eligibility: MBBS / BDS & above

Fee structure: Rs. 20,000/- + GST as applicable

So hurry register early and collect your course material
